## **PRESS RELEASE**

### **HHRM at the 81<sup>st</sup> EAGE 2019 Annual Conference & Exhibition**

Hellenic Hydrocarbon Resources Management (HHRM), within the framework of its strategy to inform the scientific community and the potential investors, participated at the 81<sup>st</sup> EAGE 2019 Annual Conference and Exhibition, which was held in London from 4<sup>th</sup> to 6<sup>th</sup> of July 2019.

A lunch and learn presentation entitled “E&P Offshore Acreage in Greece: 2019 Roadmap”, spearheaded by Petroleum Geo-Services (PGS), took place on Wednesday 5<sup>th</sup> June, in front of an important and influential audience.

Moreover, the company’s geoscientists Vasiliki Kosmidou, George Makrodimitras and Kostis Oikonomopoulos provided information and geological expertise with regards to the E&P opportunities offshore Greece.
