## **PRESS RELEASE**

### **HHRM: Participation to EUOAG European Meeting**

Hellenic Hydrocarbon Resources Management (HHRM) participated in EUOAG (European Union Offshore Oil and Gas Authorities Group) meeting in Brussels, where issues, related to reporting safety issues, sanctions and evaluation of the 2013/30 / EU Directive for offshore hydrocarbon installations, were discussed. The organization meetings, organized by DG ENERGY of the European Commission, are attended by representatives of the competent authorities from all Member States with offshore oil exploration and extraction activities.

At the same time, HHRM has completed the planned for 2018 inspections of offshore oil exploration and extraction facilities, by visiting Prinos facilities.
